DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 31-32 and 34-37 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The claimed limitations of a resistor acting as a high impedance relative to an impedance associated with a junction capacitance, as recited in claims 31 and 37, are unclear as to the relationship between the impedance and the junction capacitance, since the unknown impedance is described as being "associated" with the junction capacitance.

Response to Arguments

Applicant's arguments with respect to claims 31-32 and 34-37 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**.

Art Unit: 2811

In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
